## Albany Council Authorizes Resolution to Create New City Administrative Post

The Albany City Council Monday night passed a resolution creating the post of city administrative officer with the aim of streamlining the municipal government setup.

The measure was passed 4-1 during the longest meeting in

the history of the city, despite threats of legal action to block the move by Councilwoman Mrs. Kathie Zahn.

Introduced by Councilman William T. Donahue, the Council instructed City Atty. Edward Plotner to draft the necessary resolution for approval next Monday night.

Duties of the city administrator, as outlined by Donahue, would include that of auditor and purchasing agent for the city, preparing reports, correlating and coordinating city activities and attending to administrative affairs between meetings of the Council.

Vigorously opposing the new setup, Mrs. Zahn declared "I will pass a referendum petition if you pass an ordinance, the people voted down a city manager form of government. You try a fast off and see what happens."

Mayor Jerome Blank then explained the essential difference between a city manager and city administrator type of officer, emphasizing that a city administrator would not have the power to "hire and fire."

Councilman Edward Combs expressed the opinion that the "house-keeping of this town is in pretty poor shape" and that he was "heartily in favor of the administrative officer idea." He predicted an annual savings of \$8000 under the new setup.

Councilman Lewis Howell pointed out there are many California cities as small as 5000 population that have administrators.

When challenged by Mrs. Zahn as to where funds would come from to pay for the proposed \$500 monthly salary for the post, Mayor Blank suggested that the city's \$35,000 surplus from last year be utilized.

"Over my dead body," answered Mrs. Zahn. "You take any of that money and you will face a taxpayers' suit. You have no legal right to take anything out of that capital outlay fund. You are heading for trouble and very soon."

In other business, the Council authorized the City Attorney to proceed with legal action to force the removal of a 15-foot concrete block wall built on city property at 929 Ramona Ave.

City Engineer A. L. Brinckman recommended the action on the ground that William R. Yarnell refused to remove the wall constructed on the city right-of-way in front of his Ramona Ave. home.

Councilman Combs proposed that arguments in favor and against proposed city charter amendments be distributed to voters along with the

## Back Booth Boys Honor O'Leary

Over 75 members and guests of the Albany Back Booth Boys fete Jack O'Leary at a surprise luncheon Thursday at Spenger's in honor of his retirement from the city after 16 years of community service.

Highlighting the occasion, President Ed Haran presented O'Leary with various pieces of fishing equipment on behalf of the club, while others unable to attend sent cards of congratulations.

Another highlight came when O'Leary was unanimously elected to head the club for the coming year. He will assume his new duties at the November meeting. Members attending the next meeting will receive free lunches to be paid for by one of two jovial members—depending on outcome of a November election bet.

O'Leary was employed by the city in May, 1936 as street foreman, and later served as building inspector and assistant to the city engineer up until his retirement in July.

He resides at 816 1/2 San Pablo Ave. with his wife, They are the parents of two sons, Jack Jr. of Campbell, and William of El Cerrito, Contra Costa County deputy sheriff.

## CITY CLEAN-UP CAMPAIGN SET

### 2 Big (Genuine) Dollar Days at Solano Stores

Two gigantic dollar days (like in the good old days when your dollar was worth a dollar) are being featured today and Saturday at 31 leading Solano Ave. stores.

Hundreds of popular items which normally sell at higher prices have been reduced to \$1 during the two-day event with the aim of "giving the customer more for his money." In addition, many of the merchants are featuring drastic discounts on everything from electric dish washers to prescriptions.

Byron Record, chairman, emphasized that "this is not a clearance sale on unwanted goods, but genuine dollar days on popular items."

Look for the dollar day banner in the following Solano stores.

Michael's, Moore Electric, Solano Pharmacy, Simmons Shade and Drapery Co., Thousand Oaks Pharmacy, The Wallpaper Book, Solano Florist, Ted's Donut and Pie Shop, William R. ### United Crusade Begins Albany Residential Campaign Wednesday

United Crusade, the East Bay's "give-once-for-all" appeal for health and welfare agencies, will be "brought home" to Albany next Wednesday, when the residential phase of the \$2,797,836 campaign begins in neighborhoods throughout 12 East Bay communities.

Under the direction of Mrs. Harry C. Weaver, Albany residential chairman, more than 150 feminine door-bell ringers will join the hundreds of men and women already crusading for a better community in the "give-where-you-work" appeal in the commercial and industrial areas.

Serving directly under Mrs. Weaver in the various city areas are the Mesdames F. E. Foster, V. Souza, F. Campbell, Eugene Blank, Stanley Shogaard and Franklin Henry.

At the same time small business, public employees and school "crusades" will get under way.

United Crusade will become a full-scale operation with two special events designed to dramatize for the community the benefits to be realized from a single appeal uniting the campaigns of more than 85 local and national health and welfare programs. These are scheduled for September 30 and October 1.

Residential solicitors will go into the field to supplement the "give-where-you-work" phase of the campaign. They will ring the doorbells of every home where the United Crusade's symbolic torch sticker does not appear to indicate a fair share contribution has already been made at the resident's place of employment.

The Crusades door-bell ringing brigade will ask residents to give

### Chief Asks Removal of Fire Hazards

Albany residents will have the opportunity to clean their homes and garages of accumulated rubbish and have it carried away free of charge during the annual clean-up and spruce-up week.

Held in conjunction with Fire Prevention Week, October 5 to 11, Fire Chief Fred Pimental and City Engineer Alfred Brinckman have defined the clean-up drive as "an all around job of fall house cleaning" with emphasis on removing fire hazards.

As part of the observance, essay and poster contests will be sponsored in the schools, along with the showing of colored slides dealing with the local Fire Department. A narration will accompany the films and will be given by a member of the department. A color book will be distributed to children of the lower grades who are too young to participate in the contests.

Pamphlets illustrating common fire hazards will also be distributed door-to-door by firemen.

Working with the Fire Department in the fire prevention program are the Albany Chamber of Commerce, Junior Chamber of Commerce and the Albany Association of Insurance Agents.

Chief Pimental said that the clean-up campaign should not be confined to homes, but extended to garages, sheds, stores and industrial buildings.

City trucks will pickup all rubbish placed on curbs with the exception of wet garbage or like debris. The schedule is as follows:

Monday, October 6—West of San Pablo Ave.

Tuesday—South of Solano Ave., east of San Pablo Ave. to Santa Fe tracks.

Wednesday—North of Solano, east of San Pablo to Santa Fe tracks.

Thursday—South of Solano, east of Santa Fe tracks.

Friday—North of Solano, east of Santa Fe tracks.

## TV NEWS

By JIM BLANCHARD

We have no intentions of alarming prospective customers but we were reading the other day a statement by Commander Gene McDonald, head of Zenith and one of the nation's television pioneers, in which he said that there was a definite chance of a shortage in TV sets during the coming year.

Not only his own company but others in the industry feel that production will be on an allocation basis for the rest of the year. What with new channels being granted, the demand from those who have no sets will put a serious drain on television companies already severely affected by the recent steel strike.

A prominent West Coast television manufacturer insists that a second set in the home (which) would eliminate a lot of problems for a large family whose individual members insist on seeing different programs. To use his own words:

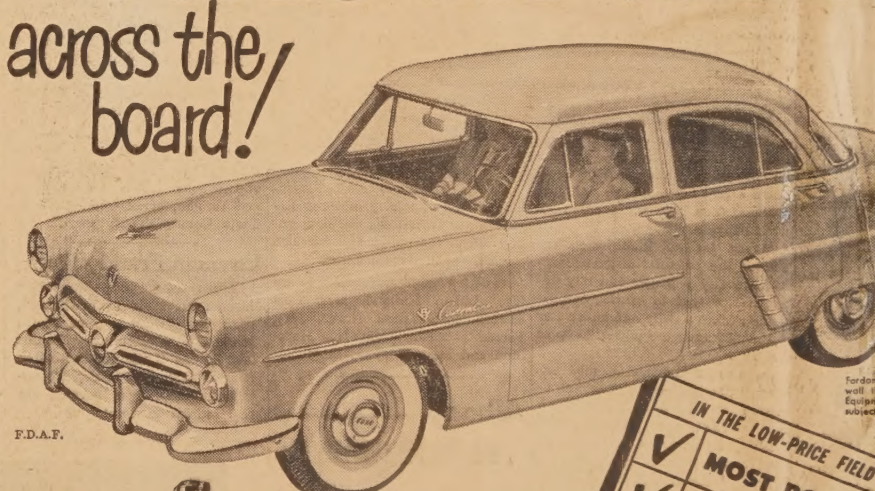

"The second set in the home offers greater flexibility in that various programs desires can be satisfied more easily. Where there are children and adults, the second set enables both age levels to see the appropriate programs. When there is only one set in the home either the children or the parents have to forego their programs in favor of the other, and this can result in disappointment and possible tension." Naturally, we fully agree with this statement. Getting two television sets would be particularly easy for those of you who already own one set, especially if the screen is too small for your living room. Buy a bigger screen for the living room and put the small screen in the playroom or the children's bedroom . . . then you can enjoy the programs you like . . . and so can the children. Come in and let us advise you on the correct size to get. SKIP'S RADIO & TELEVISION SERVICE, 1557 Solano Ave. Phone: LAnd. 5-4313

## ALBANY HIGH SCHOOL NEWS

Students of Albany High School are looking forward to the big game of the season—the annual Albany High-St. Mary's football game to be held today at 3:15 p.m. at St. Mary's stadium.

Spirits will run high when the two Albany teams vie for the Junior Chamber of Commerce trophy. Last year the annual game ended in a tie and neither school officially received the award.

Albany High students are forming a car caravan to the game, and a season pass to the remaining scheduled games will be presented to the owner of the best decorated car.

The price of admission is 75 cents for adults and 25 cents for students with student body cards.

The next home game at Cougar Field will be the league opener with pennant-favored Mt. Diablo. This promises to be a thrilling game and the public is invited.

Student body card sales are in full swing with a contest between the boys and girls to see who will buy the most cards. The contest will climax with an assembly program in the afternoon, during which percentages will be calculated and the group with the highest number will be let out of school an hour early.

Currently the girls are leading with 5 per cent, and the boys trail with 40 percent. All school activities are supported by student body card sales and every student is urged to buy one.

Girls' Week is being observed at the school this week. The Girls' League sponsors the annual affair with many noon-time activities. The celebration will climax with a dance tonight in the gym.

Watch this column for more news about Albany High in the next issue of the Albany Times.

This is a True Case History

I SAVED \$116.86 ON THE CAR I BOUGHT

"I made over a 50% down payment on a late-model car. I was told it would cost me \$257.60 to insure the car and finance the balance of \$700.00. Lucky for me I'd talked to a State Farm agent first, because I used the Bank Plan instead and paid an insurance and financing charge of only \$140.74. I saved \$116.86." (One of many actual cases.)

Many People Assume Finance Rates Are Standard THEY ARE NOT!

The Bank Plan offers you two proven money-saving methods. Low-cost financing through a nearby bank and low-cost preferred-risk insurance rates. Get your own figures on the cost of the car you want and COMPARE them with Bank Plan costs FIRST! Call or see your State Farm agent BEFORE you buy.
